Dear Neighbors,

In this time of uncertainty, and the development around the Coronavirus (COVID-19), our thoughts are with you and your families.

Royal and Greenbriar Canyon is OUR community. And while we can't come together physically, we can contribute to the well being of our neighbors, by reaching out through social media, email and phone. We have a large elderly population. Many of our elderly neighbors are alone. For them, these are lonely and frightening times. A simple email or phone call is very comforting.

Please help to keep yourselves and your families safe by continuing to follow the guidelines and recommendations of the CDC (Centers for Disease Control and Prevention <https://www.cdc.gov/>) and WHO (World Health Organization <https://www.who.int/>) and local updates as the situation continues to evolve.

How can you help? If you must go to the store, reach out to those neighbors most vulnerable to see if they are in need of anything. You can always drop off the items at their home while respecting social distancing

Call or email neighbors of concern to make sure they are okay, not feeling ill and that they know you are there for them as well.

I heard of a case yesterday where a person dropped off prepared food to another neighbor, left it on their front door and they picked it up after they left, again, respecting social distancing. It is more important now, then ever before to stay connected with your neighbors.

We are in a time of uncertainty and swiftly changing information BUT...this too shall pass. We don't know what the future has to hold, but I believe we will come through this stronger and better prepared. We must do everything in our power to take care of ourselves, our families and our neighborhood community.

If you are concerned about a neighbor, but do not know how to reach that neighbor while respecting social distancing, please let me know. Royal Canyon Property Owners Association might be able to reach these people through our resources.

Glendale Fire Department has also announced that if you are a senior, or individual with high risk exposure to the Coronavirus residing in Glendale and unable to leave your home for food, medications or other special needs, they ask that you please call them at (818) 548-4814 from 8:00 am-5:00 pm Monday-Friday and a member of their team will take your call and will do their best to help you. Please do NOT call 911 unless it is an emergency.

Our thoughts are with you. Stay safe!

Best regards,

Beth Volpe, RCPOA President
